

Today's Google Doodle: artist Costantin Brancusi

[Costantin Brancusi](#) was born 135 years ago and Google celebrates the romanian-born sculptor with a [pretty doodle](#).

Each letter of the doodle is an actual Brancusi masterpiece!

Prometheus makes the G letter, double Os are made by **The Newborn** and **Sleeping Muse**, the second G is made of **Mademoiselle Pogany**, while **Bird in Space** takes place of the L and, last, **The Kiss**, gives the shape to the last E.
