

✖ As reported by several news sites, next week may be the right time for the much-awaited **Facebook IPO**.

Facebook's IPO could value the company for as much as \$100 billion, according to reports. The offering could be one of the largest IPOs in U.S. history.

As a side effect Social gaming firm Zynga (ZNGA) jumped 6.8% to \$10.16 as business social network LinkedIn (LNKD) rose 6.4% to \$76.99.

The IPO is expected to increase Zuckerberg's worth to \$20 billion. That would make him the 23rd richest person on Earth but what is cool is more than 1,000 Facebook employees will become millionaires.
