

## Adobe Photoshop Cook Video: a nice stop-motion tutorial

Ok, this is not a video about **Adobe Photoshop**.

This is not a regular cooking video, it's a **stop-motion** little masterpiece!

*A video made in stopmotion for competition AdobeYouGC.*

*The simulation of a tutorial which shows how to make the lovely butter cookies with the new Adobe Photoshop Cook!*

*Whole set was made with cardboard and with kitchen utensils.*

By the way, the cookies look good too!
