

This Google Doodle boldly goes where no doodle has gone before – and it’s one of the very best ever!

Star Trek fans will rave for Google’s latest Doodle: september 8th is the [46° anniversary of the first Star Trek TV episode on air.](#)

The **Star Trek Doodle** is interactive, and some well-known characters are represented as Big G’s letters – take a look at Mr. Spock...

Click everywhere, test everything and try to see all the scenes – even if you’re not a *trekker* it’s really awesome!
