

iPhone 5: it's almost here!!! And could help economy as well - they say...

Are you ready for the greatest (!) tech event of the year?
How many rumors will prove for real?
Will the new Apple iPhone 5 live up to all expectations?

In the meantime, most news & media websites are [spreading the verb that the new iPhone 5 will boost US GDP by upto 0.5 percent](#) (according to JP Morgan!) if not [even help President Obama fight unemployment and win 2012 Presidential election...](#)
