

Vintage advertisement of modern technology: Facebook, Skype and  
Twitter the good ol' ad-way!

A graphic exercise with **old-fashioned and vintage advertisements** related to 2012 products and services – the tech brands we all know of.

Sometimes old design still works and makes well-known products even more appealing!

What about **Twitter**?

A 50's styled **Skype** ad?

An early 20th-century ad for the **Nintendo Wii**?
