

Atari: 'Game Over' documentary due for November release about the mass burial of videogames

This promises to be really awesome!

You may recall about the [Atari videogame burial site affair](#)...

*After teasing retro gamers with a trailer of Atari: Game Over, the film's director has stated that the documentary looking into the gaming giant's collapse and their infamous landfill site is due to hit Xbox Video later this month.*

*Through various interviews, inside stories and of course a full feature on the digging that took place earlier this year, Atari: Game Over looks set to finally debunk the many mysteries and rumours surrounding E.T. and Atari's inevitable demise.*
